Matthew Kwong

UI UX Designer + Front-End Web Developer

WORK EXPERIENCE

Lead Designer • HealthyU
March 2020 - Current | Davis, CA
- Designed a mobile friendly user interface and experience health application for elderly patients at the UC Davis Medical Center
- Utilized the Figma design software to produce wireframe and interactive prototype of application interface and experience
- Supported development team on integrating wireframes into code

Director of Design • #include
September 2019 - Current | Davis, CA
- Supervised design team on website layout, user experience, and user interface for non-profit organization client website
- Managed and lead design team in concept creation and strategy
- Provided mentorship and direction to team members in creative execution and planning to best fit client needs
- Created and lead workshops on wireframing, user interface and user experience, and how to use Figma
- Advised development team on implementation of wireframe mock-up into website utilizing HTML and CSS

Intern • Hack Club
August 2016 - June 2017 | San Francisco, CA
- Redesigned online workshops for high school level web design course
- Operated outreach program to connect with over 15,000 high schools
- Managed the promotional campaigns on social media to spread company presence to engage high schools in joining the organization
- Prepared and delivered unique welcome packages to new branch members joining the organization

Founder and Club Leader • Coding Club
August 2015 - June 2017 | Daly City, CA
- Created curriculum to teach web development to high school students
- Lead initial workshops focused on basic web development and design
- Instructed and supported future leadership on how to sustain and grow the organization for coming years
- Facilitated a safe learning environment which let members collaborate ideas and learn new skills from each other
